Operations and Maintenance Comments

Project Name	Location	Explanation of Need
Traffic signals off-peak standby	county-wide	Select low traffic intersections during evenings/weekends to set traffic lights to flash, thus saving gasoline wasted
street repair	county wide	level man hole covers
Road repair and development	anywhere sarasota	Sarasota is not maintaining pace with rising traffic issue, or repairs
Roads	Throughout City of and unincorporated Sarasota	Roads are very rough in numerous locations -- my car's alignment has suffered greatly; example: intersection at Fruitville and 301
