\$17,950,000

Health System Facilities

Total project cost estimate
\$8,040,000

Penny Wise Pie Chart

On **Tuesday, May 6**, Sarasota County will seek voter approval to issue a series of bonds up to \$300 million to help fast-track several surtax infrastructure projects approved by voters in November 2007.

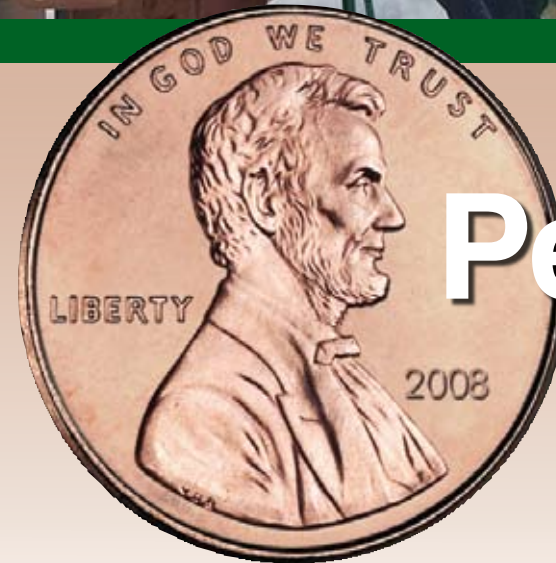

Sarasota County residents have already demonstrated their commitment to the penny investment in schools, roads, parks and libraries.

Providing the county with access to this funding now through bonds is an efficient and financially secure way to begin projects earlier than originally scheduled, creating jobs and supporting local businesses that are vital to our community. This is not a new tax. These are penny surtax dollars you've already approved. Now we're putting them to work to create local jobs and to jump start our economy.

Paid electioneering communication paid for by Sarasota County government.

Vote May 6

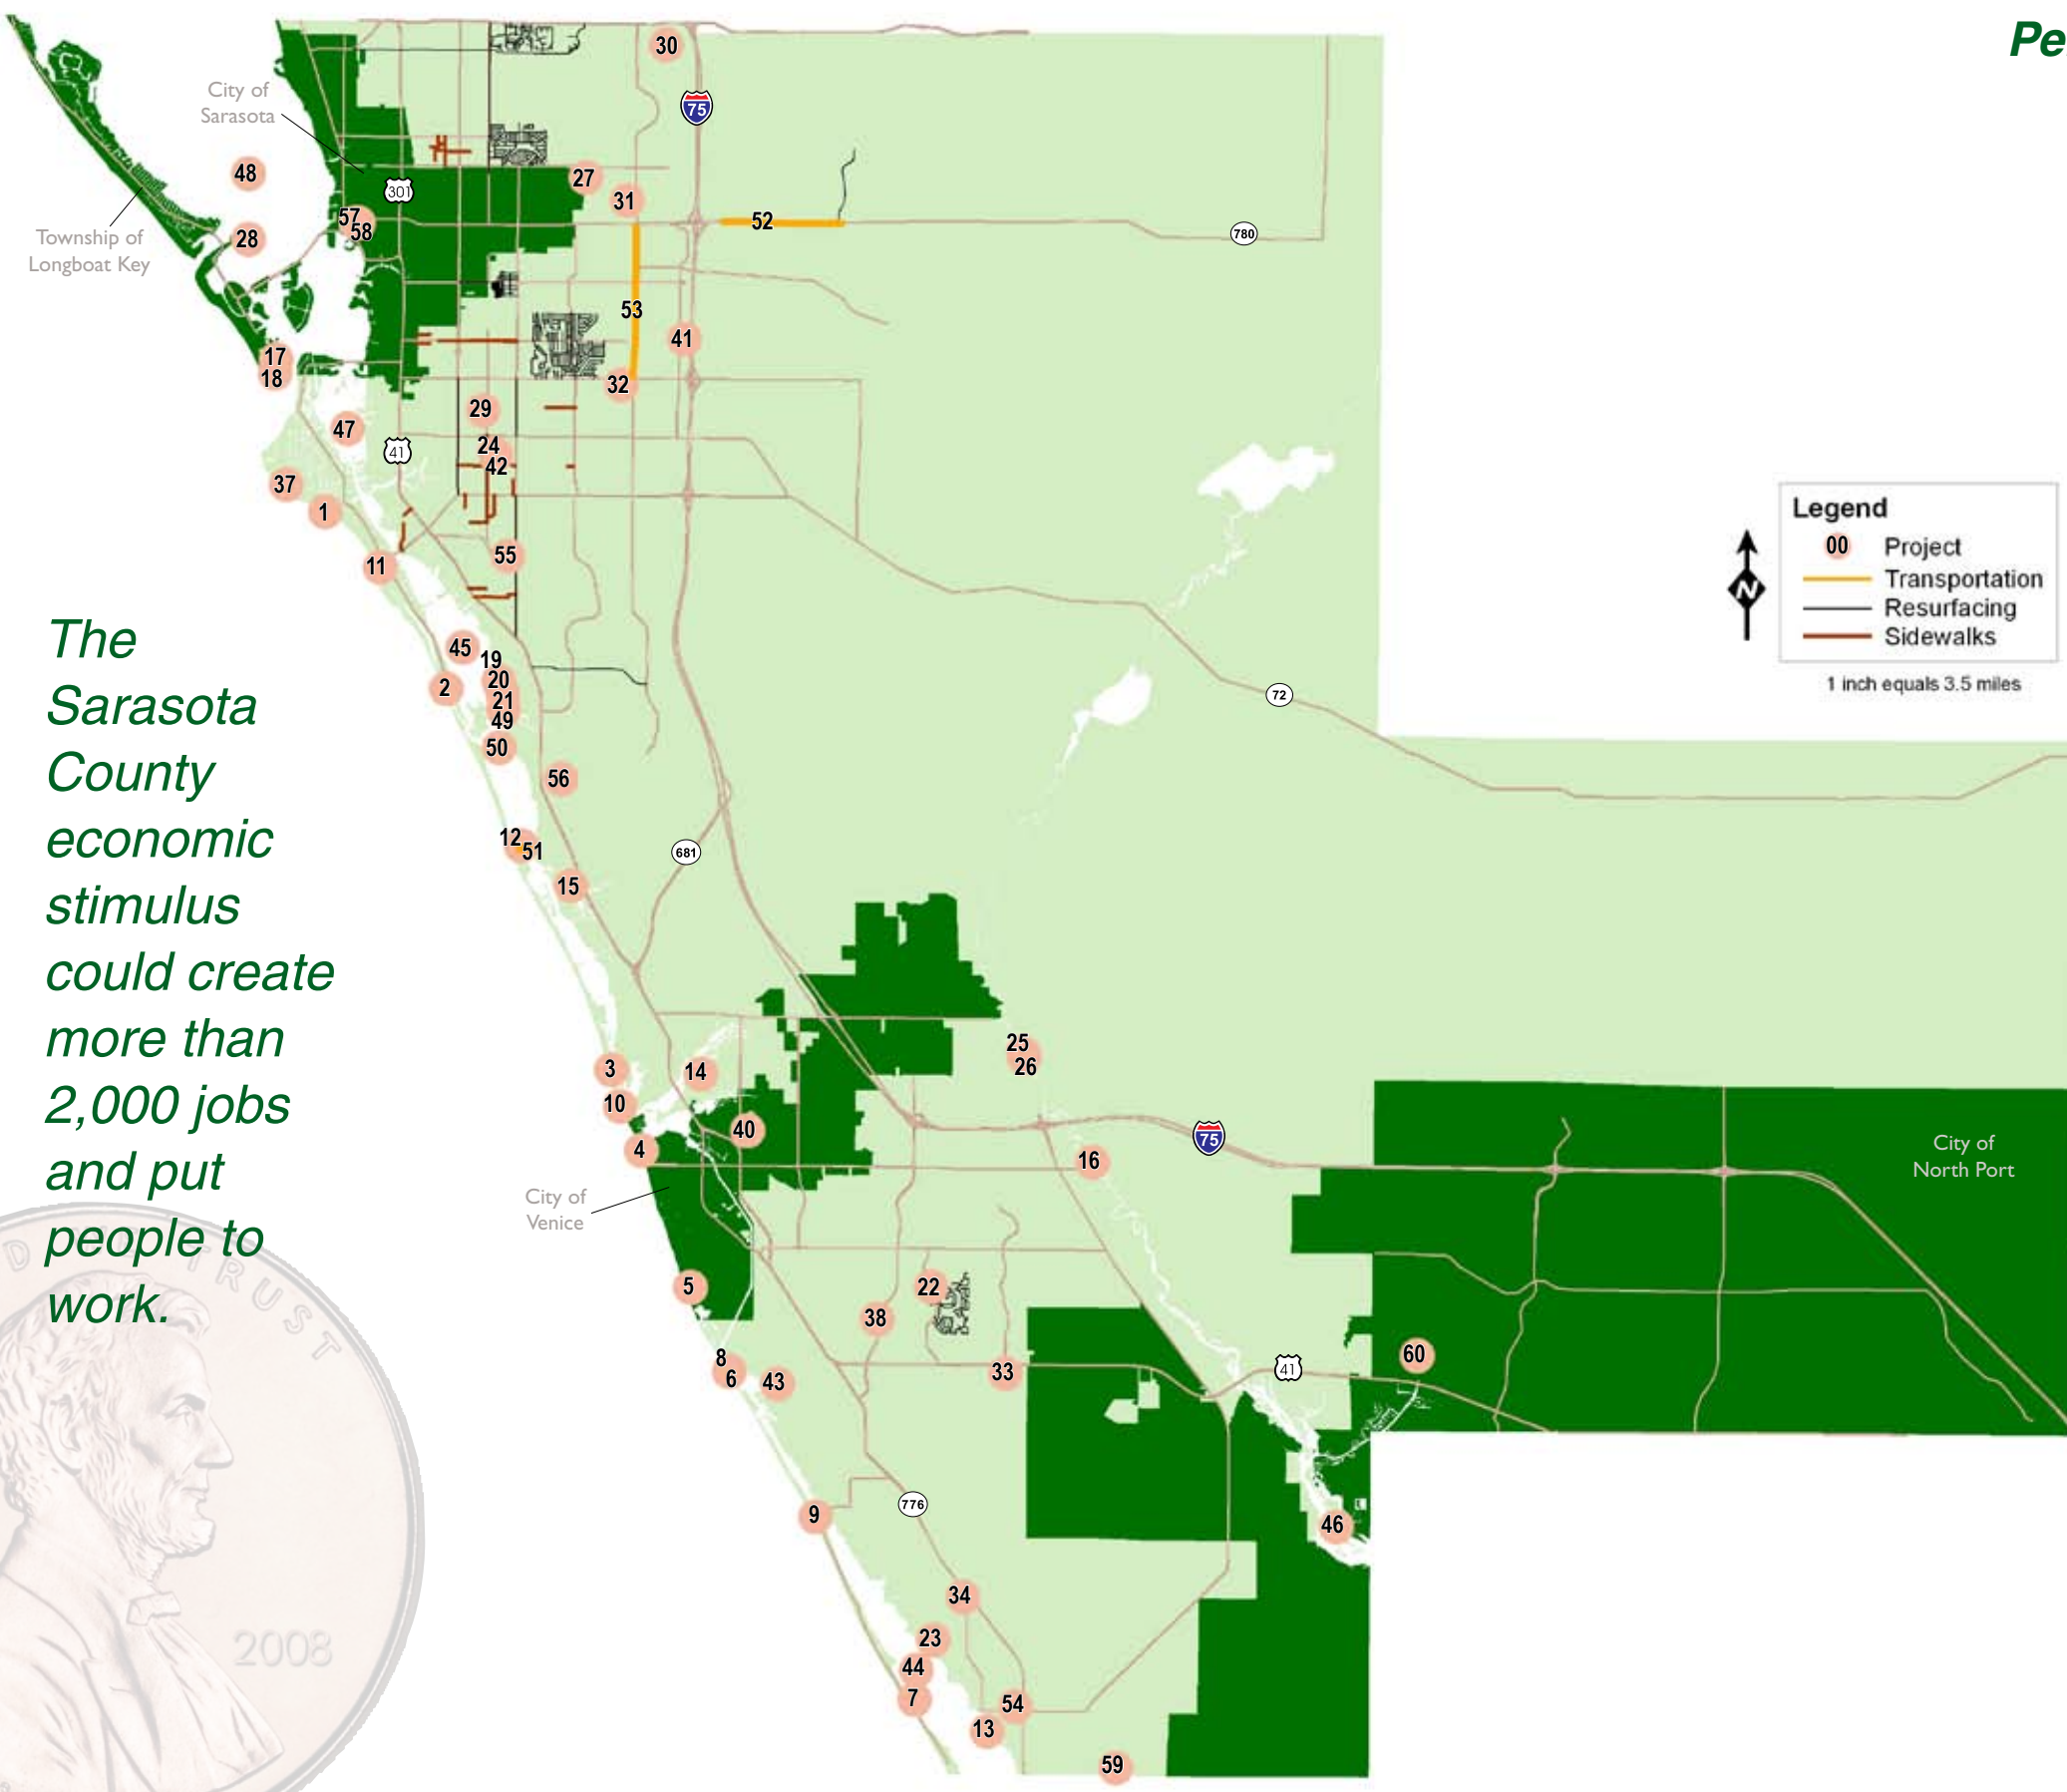

Penny Wise

*Your penny surtax dollars...
creating jobs and building a
better community.*

On May 6, you'll have an opportunity to vote on a bond issue that will help Sarasota County fast track penny projects you approved in 2007.

CA0058.0035.08

The Sarasota County economic stimulus could create more than 2,000 jobs and put people to work.

Penny Surtax projects we can fast track now
