What to do about H1N1 (swine) and seasonal flu? Preparations for home, work, and neighborhood

H1N1 (Swine) Flu seems to be everywhere. Disease experts say that when the regular fall flu season comes, many more people could become ill.

Get the facts about how to prepare your family, workplace and neighborhood for a potentially intense flu season.

WHEN: Monday, Sept. 14

TIME: 3 p.m. - 5 p.m.

WHERE: Commission Chambers

Sarasota County Administration Center, First Floor
1660 Ringling Blvd. Sarasota

Watch on Comcast 19 or Verizon 32 or online at scgov.net

A panel of local experts will address the following topics:

- What to do if you get flu-like symptoms
- When to seek emergency medical care
- Caring for a sick person in your home
- What pregnant women should know
- Precautions and preparations at home, in your neighborhood and at work
- H1N1 and seasonal flu vaccinations

Ask your questions during the broadcast.

Phone: 861-2255 (Active Sept. 14)
