

The purpose of this form is to determine EXEMPTION from the requirements of the Asbestos National Emission Standards for Hazardous Air Pollutants (Asbestos NESHAP). Part A is for a RESIDENTIAL home exemption. Part B is for a commercial exemption.

<b>Residential Exemptions</b>		
<b>PART A: If your project involves renovation/demolition of a residential home only (includes a mobile home), please answer the following questions to determine exemption:</b>		
Does this renovation/demolition project involve more than <b>ONE</b> residential building at the same site with the same owner/operator?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Is this building currently being used, or has it <b>EVER</b> been used, as a commercial, government, daycare, office, church, charitable or other non-profit place of business?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Has this <b>ONE</b> residential building been divided into five or more dwelling units or leased/rental units?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Is this building to be demolished as part of a highway or road-widening project?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Is this building part of a building cooperative, apartment or condo building?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Is this building used for military housing?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Have other residences or non-residential buildings at this site been scheduled to be demolished now, or in the future, as part of a larger project (trailer park developments, etc.)?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Is more than <b>ONE</b> residential building to be lifted from its foundation and relocated?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Will this residential building be intentionally burned for the purpose of demolition or fire department training?	Y <input type="checkbox"/>	N <input type="checkbox"/>

<b>Commercial Exemptions</b>		
<b>PART B: If your project involves RENOVATION, DEMOLITION, or REMODELING of a commercial building, answer the following questions to determine exemption from the NESHAP <u>notification requirement</u>.</b>		
Does the affected area to be renovated involve disturbance or removal of existing facility components?	Y <input type="checkbox"/>	N <input type="checkbox"/>
Does the project include the removal of load supporting structural members?	Y <input type="checkbox"/>	N <input type="checkbox"/>

**ANY "YES" ANSWERS TO THE ABOVE QUESTIONS in A or B above WILL REQUIRE:**

- An asbestos survey of the building(s) or facilities involved;  
**and MAY REQUIRE:**
- A NESHAP Notification, submitted TEN working days prior to Renovation/Demolition.

**NOTE:** In the event that a project is determined to be exempt from the Asbestos NESHAP, the owner, contractor and subcontractors are not relieved from compliance with other city, county, state and federal laws, statutes and codes or from obtaining permits for other activities. Enforcement action may be taken if the project is found to be subject to the Asbestos NESHAP, which may include monetary penalties. In the event the activity listed above should become subject to the Asbestos NESHAP during the course of the project, the owner or operator shall stop work and follow 40 CFR 61, 61.145(b) procedures. 40 CFR 61.19 forbids owners and operators from attempting to circumvent any NESHAP by carrying out an operation in a piecemeal fashion to avoid coverage by a standard that applies only to larger than a specified size.

Facilities **subject** to the regulation must be inspected for asbestos prior to renovation/demolition. Identified regulated asbestos-containing materials (RACM) **MUST BE REMOVED** if RACM is above certain threshold amounts prior to disturbance.

**If you have any questions, please contact Sarasota County Air Quality at 941-861-6233.**
