North county streets slated for resurfacing

Segments of 40 roads in the north county area will be resurfaced under terms of a \$938,456 contract the Sarasota County Commission awarded Tuesday to APAC Southeast Inc. of Sarasota. The 22 lane miles of roads are in the Phillippi Creek Septic System Replacement Program Area K, east of Lockwood Ridge Road and south of University Parkway off Desoto Road.

Twenty-two lane miles of roadway are included in the project, which starts immediately and will take up to 90 days to complete. APAC Southeast submitted the lowest of three bids for the project. Funding is provided by the penny sales tax.

Residents will be notified via door hangers a few days before work begins on their street.

For more information about the resurfacing project, contact the Sarasota County Call Center at 941-861-5000 and ask for Road Program Construction.
