## **County begins reconstruction of Manasota Beach boat ramp**

Sarasota County has begun rebuilding aging docks adjacent to the Manasota Beach Boat Ramp in Englewood. The approximately \$75,000 project is being funded by a combination of county, state and grant funding and should be complete by mid-March of 2009.

During construction, contractor Ram Marine Service will be blocking off one side of the ramp, but the ramp will remain open to boat traffic during the entire process. Residents should use caution around construction equipment and remain outside the marked construction sites.

For more information, contact the Sarasota County Call Center at 941-861-5000.
