CORRECTION: The Legacy Trail attracts an average of 10,000 users each month. An earlier release was incorrect on this point.

Exotic plant removal continues on The Legacy Trail

A work crew from Sarasota County Forestry is in the process of removing Brazilian peppertrees and other non-native nuisance plants along The Legacy Trail. Work began on Tuesday morning near Central Sarasota Parkway and will move north along the trail. The project, which is expected to last through the end of the week, involves a rolling barricade on the trail. Trail users should expect minor delays as Forestry workers monitor the work area and allow trail users to pass periodically.

One of Sarasota County's most popular amenities, the Legacy Trail follows the path from Sarasota to Venice along the former Seaboard Railroad corridor. The paved path, which opened in March 2008, attracts an average of 10,000 users each month.

For more information, contact the Sarasota County Call Center at 941-861-5000 and ask about The Legacy Trail.
