Sample ballots for January 31 Presidential Preference Primary to go out this week

SARASOTA, FL – Sample ballots for the January 31 Presidential Preference Primary (PPP) will be mailed to every registered Republican in Sarasota County this week.

Sarasota County Supervisor of Elections Kathy Dent said a sample ballot is being mailed to each one of the 119,886 active registered Republicans in the county prior to the start of early voting, which begins January 21.

The sample ballot is also posted on the SOE website at www.SarasotaVotes.com.

Because Florida is a closed primary state, only registered Republicans are eligible to vote for candidates who are seeking the Republican Party's presidential nomination.
