Siesta Beach Access #7 Public Meeting

Siesta Beach Access #7, located across from Beach Road and Calle de la Siesta, is one of 13 public beach access locations on Siesta Key. These beach access points provide public access to the world-class beaches on Siesta Key. Beach Access #7 is centrally located approximately three-quarters of a mile north of Siesta Beach and one-quarter of a mile from the Siesta Key Village.

Opportunities exist for additional parking and dune habitat enhancement. Information also will be available to the public about beach nesting shore birds, native dune vegetation and the importance of Sarasota's coastal habitats.

Background information and a draft concept plan will be shared at the meeting. County staff will be available to answer questions. You are invited to share your thoughts and ideas for future park improvements at this site.
