

Sarasota County Population Projections (Resident and Functional Population)

		U.S. Census	BEBR Estimate	BEBR Projections (<i>Florida Population Studies</i>) Vol 42, Bulletin 153, March 2009				
		2000	2009	2010	2015	2020	2025	2030
Resident Population*	Total County	325,957	389,320	396,000	425,500	458,900	491,500	522,700
Functional Population*	Total County	396,690	473,802	481,932	517,834	558,481	598,156	636,126

*The **resident population** refers to the number of full-time residents while the **functional population** attempts to include seasonal residents and assumes all houses occupied. A multiplier is used on the resident population to calculate the functional population. Countywide, the functional multiplier is 1.217.
