Policy 4.1.7.

A plan shall be prepared for the area east of I-75, excluding the areas to the east and south of the Public Conservation Areas, which shall delineate the ultimate uses to which the land shall be put. The planning process shall be initiated no later than six months after adoption of this policy. The planning process shall utilize vision planning techniques; shall evaluate the land consumption and fiscal costs of alternative development patterns; and, shall take into consideration existing land uses, the remaining development capacity in the Urban Service Areas and the Future Urban Service Area relative to projected demand to the year 2050, the comprehensive plans of the adjoining counties, the projected capital improvement needs of alternative scenarios, and the impact on existing and proposed facilities and services in the urbanized areas of the County.
