During this year's fire safety campaign, firefighters will be spreading the word about the importance of look, listen and learn. Be aware. Fire can happen anywhere. In order to help keep your household safe, Sarasota County Fire Department encourages residents to:

- Look for places fire could start. Take a good look around your home. Identify potential fire hazards and take care of them.
- Listen for the sound of the smoke alarm. You could have only minutes to escape safely once the smoke alarm sounds. Go to your outside meeting place, which should be a safe distance from the home and where everyone should know to meet.
- Learn two ways out of every room and make sure all doors and windows leading outside open easily and are free of clutter.
- Remember to never go back inside a burning building. Once you are outside, stay outside.
