Project Description

This project will include, but is not limited to, land acquisition, full design, permitting and construction of a paved trail of the northern segment of the Legacy Trail as well as funding trail amenities/improvements for the southern connector to the Legacy Trail for an on and off-road path from the Legacy Trail to the City of North Port.

Project Progress/Status

The 90% plans are being reviewed for the Legacy Trail Extension, and permitting is under way for Segments 1, 2 and 3. A contract for building Trail Segment 1 is scheduled for award at the July 8 Sarasota County Commission meeting.
